ABOUT THE PIXIE AWARDS

The Pixie Awards is a unique competition, focusing on the fastest-growing areas of video production: Effects, Motion Graphics, and Animation. According to a recent study, 92% of all video productions now include one or more of these techniques.

Sponsored by the American Pixel Academy, the Pixie Awards honors outstanding work in these three areas. The Academy is a coalition of creative professionals and academics in the moving pixel world. (See www.AmericanPixelAcademy.org)
